

Fire protection plugs

Fire protection plugs

1

2

1. K 6x55, 30 mm embedment depth
2. KDM, 30 mm embedment depth

Description

For installation of cable systems with enhanced circuit integrity (System Circuit Integrity).

Application

The fire protection plugs are suitable for applications in concrete.

In order to guarantee the specified strength of the fire protection plugs, ensure that the drill holes have the specified depth. Please use the drill bit that is supplied with the plug set to meet the correct hole depth.
