

Micro ducts

Micro ducts

Description

Micro ducts are used for the mechanical protection of fibre optic micro cables - for direct burial or for the laying in pipe systems.

Scope of delivery

The Micro ducts are reeled on re-usable wooden drums.

The coils are wrapped in stretch film.

Plastic caps on the ends of the ducts protect the ducts against dust and dirt penetration.

The drum core diameter is 415 mm.

The periphery width can be up to 10% bigger due to micro ducts being pressure-winded (drum width is measured from center of axis).
winded (drum width is measured from center of axis).

Versions

Material number	Product	Installation type	Colour	Material	Diameter (outer/inner)	Packing unit
343261	Microduct 7/4 mm	direct burial	red	HDPE	7/4 mm	6000 m drum
343361	Microduct 8/5 mm	direct burial	red	HDPE	8/5 mm	4800 m drum
343561	Microduct 5/3.5 mm	in pipe	red	HDPE	5/3.5 mm	5000 m drum
343661	Microduct 12/8 mm	direct burial	red	HDPE	12/8 mm	2000 m drum
343761	Microduct 14/10 mm	direct burial	red	HDPE	14/10 mm	1350 m drum
343861	Microduct 16/12 mm	direct burial	red	HDPE	16/12 mm	1000 m drum
343961	Microduct 18/14 mm	direct burial	red	HDPE	18/14 mm	2200 m drum
344061	Microduct 8/6 mm	in pipe	red	HDPE	8/6 mm	4800 m drum
344161	Microduct 10/8 mm	in pipe	red	HDPE	10/8 mm	3000 m drum
344261	Microduct 12/10 mm	in pipe	red	HDPE	12/10 mm	2000 m drum
344361	Microduct 14/12 mm	in pipe	red	HDPE	14/12 mm	1350 m drum
344461	Microduct 16/14 mm	in pipe	red	HDPE	16/14 mm	1000 m drum
344561	Microduct 18/16 mm	in pipe	red	HDPE	18/16 mm	1250 m drum
344661	Microduct 7/5.5 mm	in pipe	red	HDPE	7/5.5 mm	6000 m drum
344761	Microduct 5/3.5 mm	in pipe	red	LSZH	5/3.5 mm	5000 m drum
344861	Microduct 10/5.5 mm	direct burial	red	LSZH	10/5.5 mm	3000 m drum
344961	Microduct 14/10 mm	direct burial	red	LSZH	14/10 mm	1350 m drum
